Pleasing Recital.

An exceptionally pleasing recital was held Saturday afternoon in the auditorium of the Masonic temple under the auspices of the Marcato Music Club with Miss Genevieve Roberts in charge of a program of rare merit rendered by Mrs. Elsa Gundling-Duga, soprano, and Wheeling, and Mrs. Blanche Sanders Walker, pianist, of Pittsburgh.

Many artists have come to Clarksburg and appeared in concert as great singers but few of them have been received with more genuine admiration than did Mrs. Duga by the audience who so enthusiastically greeted her Saturday afternoon when she rendered her vocal numbers. She possesses a voice of rare sweetness and splendid range, and she sang with exquisite interpretation numbers which showed her artistic versatility. Each number was charmed with two gems as encores, "Will o' the Wisp" and "Some Fine Day" from "Madame Butterfly," which she sang with finish and grace that was delightful. It was one of the most brilliant and charming artists' recitals presented by the Marcato Music Club this season.

Mrs. Duga's accompaniments were played in an artistic and satisfying manner by Mrs. Blanche Sanders Walker, who gave three piano numbers, displaying a brilliant technique and scholarly interpretation. In accompanying the singer she proved herself to be a most skilled, intelligent and sympathetic aid to the soloist. She has temperament, a clear, beautiful touch and strong individuality, and in her playing Mrs. Duga's accompaniments, Mrs. Walker seemed to feel the singer's every mood, as well as the spirit of each song and gave splendid support to the artist.

OF INTEREST TO WOMEN

Street and Mopar Coats.

The ripple coat for spring is made in both cloth and silk. Belts are placed at the normal waist line, at a slightly higher than normal or a few inches below the point. Some are short-waisted in the front and long-waisted in the back.

Many coats have high collars and button up to the throat. They are made so that they can be worn open or closed. Oblong sailor collars, draped collars, fuche effect collars, cape collars and simple notched collars are approved. The cape collar is made detachable, being fastened with clasps or with buttons.

Sleeves are dressy, both in cut and by means of fancy cuffs. Motor coats are in plain colors, stripes, checks, plaids and mixtures.

Decorative Accessories.

Triangular pockets trimmed with buttons are of dark blue taffeta lined with gray blue taffeta, and are on a dress of beige taffeta. A pretty extreme in pockets is a bit of a patch pocket of taffeta on marquisette, terminating in long ends of narrow ribbon.

Hints for the Housewife.

When peeling oranges, first pour boiling water over them to cover and let stand in it five minutes. Then, when you peel them you will find the bitter and indigestible white lining will come off clean with the skin. This enables you to easily slice and chill them for breakfast.

When children's shoes become scuffed rub them with vaseline before polishing. They will wear longer and scratches will scarcely show after this treatment.

Parasols may be kept in condition through the winter months if every section is stuffed lightly with tissue paper when putting the parasol away. The paper will prevent creasing, which causes the silk to crack.

The Perfect Hand.

Do you remember the story of the ill-fated Mary, Queen of Scots, of her attempt to escape from Lochleven Castle, surrounded as she was by a wall of guards caught sight of her hands, which were white and plump. Of course he knew that they could not belong to a hardworking woman of the people.

In the case of most women, beautiful hands are not a drawback as they were to her, but an important asset.

Not only do they add to her general appearance, but her necessarily constant care of them proves, in a measure, the careful character of the owner.

It is not necessary to be a woman of leisure. After you have finished your work is time enough to care for your hands. Peroxide of hydrogen should be found in every kitchen cupboard, as it removes almost every stain, and cleanses cuts as well. Add a few drops of ammonia to a fifty per cent solution when you use it to remove stains. Lemon juice and salt are also good, while sulphur water is especially effective in removing ink and fruit stains.
